Shooting Suspect Arrested on Warrant

MANCHESTER, NH- On Monday, June 16, 2014, at about 10:25 PM, Manchester Police responded to the area of 382 Cedar Street for a report of gunfire. On arrival, Ofc. Ryan Heile met with a 17 year old male who reported that he and two friends were shot at. The teen exhibited very minor abrasions to his face that did not require any medical treatment.

According to the teen, he and two friends were standing outside the apartment building at 382 Cedar Street when three males, all in their late teens or early twenties, exited a vehicle and approached them on foot. The victim noticed that one of the men had a gun in his waistband, prompting him to run into the apartment building along with one of his companions. The second friend ran away from the building.

Just as he started to close the door behind him, the teen heard a shot and felt an impact in the door, next to his head. It appears that debris from that impact caused the minor abrasions to the victim's face. Police did recover a .22 caliber casing at the scene.

Based on further investigation, Manchester Police detectives identified the suspect as:

Adrien Stillwell
19 years old
Dorchester, MA

Stillwell was arrested on a warrant without incident last night at about 5:10 PM when he was found to be a passenger in a vehicle stopped by police in the area of Derry Street and Amherst Street. He is charged with Reckless Conduct and Felon in Possession of a Firearm.

Two Residential Burglaries Under Investigation

MANCHESTER, NH- Manchester Police are investigating a burglary of a Chestnut Street residence, located in the rear of Webster School, where it appears that someone was able to gain access into the home by cutting a screen on an unsecured window. An assortment of jewelry was removed from inside. It is believed the burglary happened during the daytime hours of Tuesday, June 17th when a neighbor spotted a suspicious man in the yard of the residence, described as a white male, 20, about 5'10" tall with a medium build. He was carrying a black backpack.

Another residential burglary is believed to have occurred during the daytime hours of Wednesday June 18th at a Webster Street address, located near Linden Street, where it appears entry was made by cutting the screen of an open window. A handgun, large tactical knife and some body armor was removed from the residence.

In both crimes, there was minimal ransacking noted inside the homes and an assortment of valuable property, including electronic items were not disturbed.
